DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of claims 1-18 and 20-30 in the reply filed on 09/11/2006 is acknowledged.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-9 and 30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites "the diverter controlled to move to a second position when the drive roll rotates in a second direction to align a second guide edge of the diverter to **guide the media sheets out of the first media nip**, and align the first guide edge of the diverter to **simultaneously guide the media sheets into the second media nip**. (emphasis added). It is unclear how the same media sheets can be (1) guided out of the first media nip and (2) simultaneously guided into the second media nip. Rather, it appears that one media sheet is guided out of the first media nip, while another media sheet is simultaneously guided into the second media nip, one sheet at a time.

Regarding claim 30, it is unclear if the recited "the media sheet" in line 8 is the previously recited "a first media sheet" or the previously recited "a second media sheet".

Allowable Subject Matter

3: Claims 10-29 are allowed. Claims 1-9 and 30 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
